

Paper Ladybird

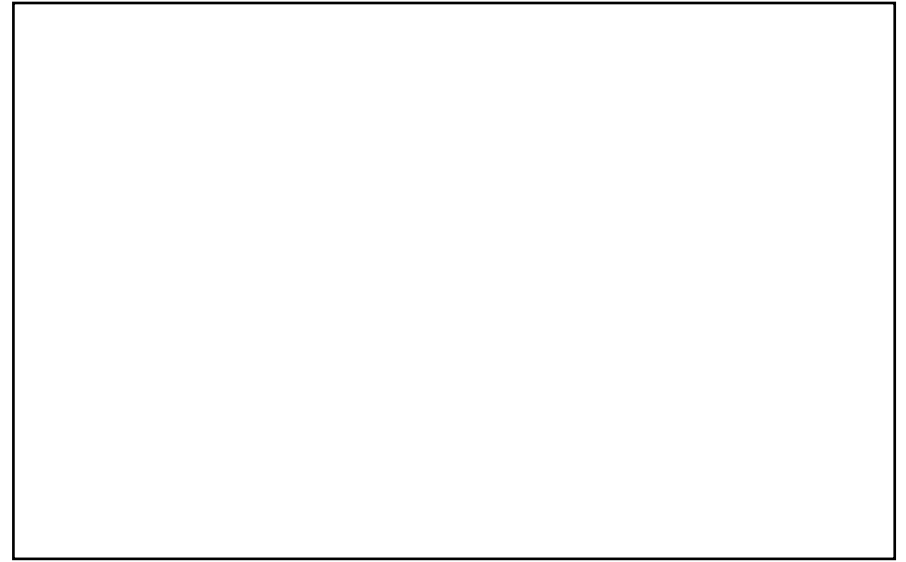

There are 46 different species of ladybirds in the UK!

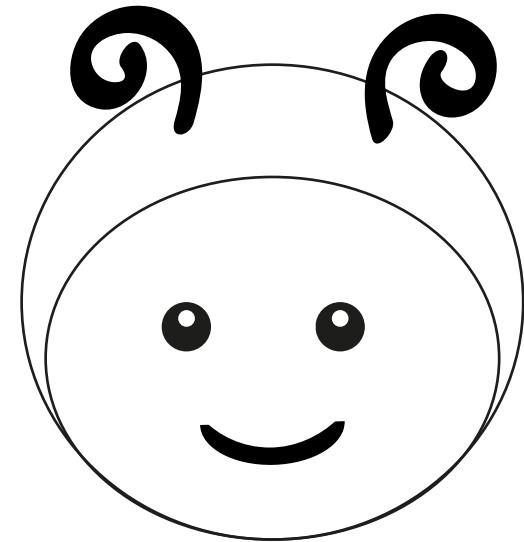

1. Colour in the different parts of the ladybird and cut them out.
2. Cut along one of the dotted lines and fold the circle into a cone by tucking one side behind the other until the two dotted lines touch. Glue it into place.
3. Stick the ladybirds head onto it's body.
4. Stick three legs on either side of it's body

Body
