

Design your own mask version of the foliate head by John Piper. Use paint, felt tips, real leaves, pencil, pipe cleans or pompom and make it your own.

If you want to wear yours as a mask, we recommend gluing a couple pieces of paper or a piece of cardboard behind this page to make it stronger before cutting it out.

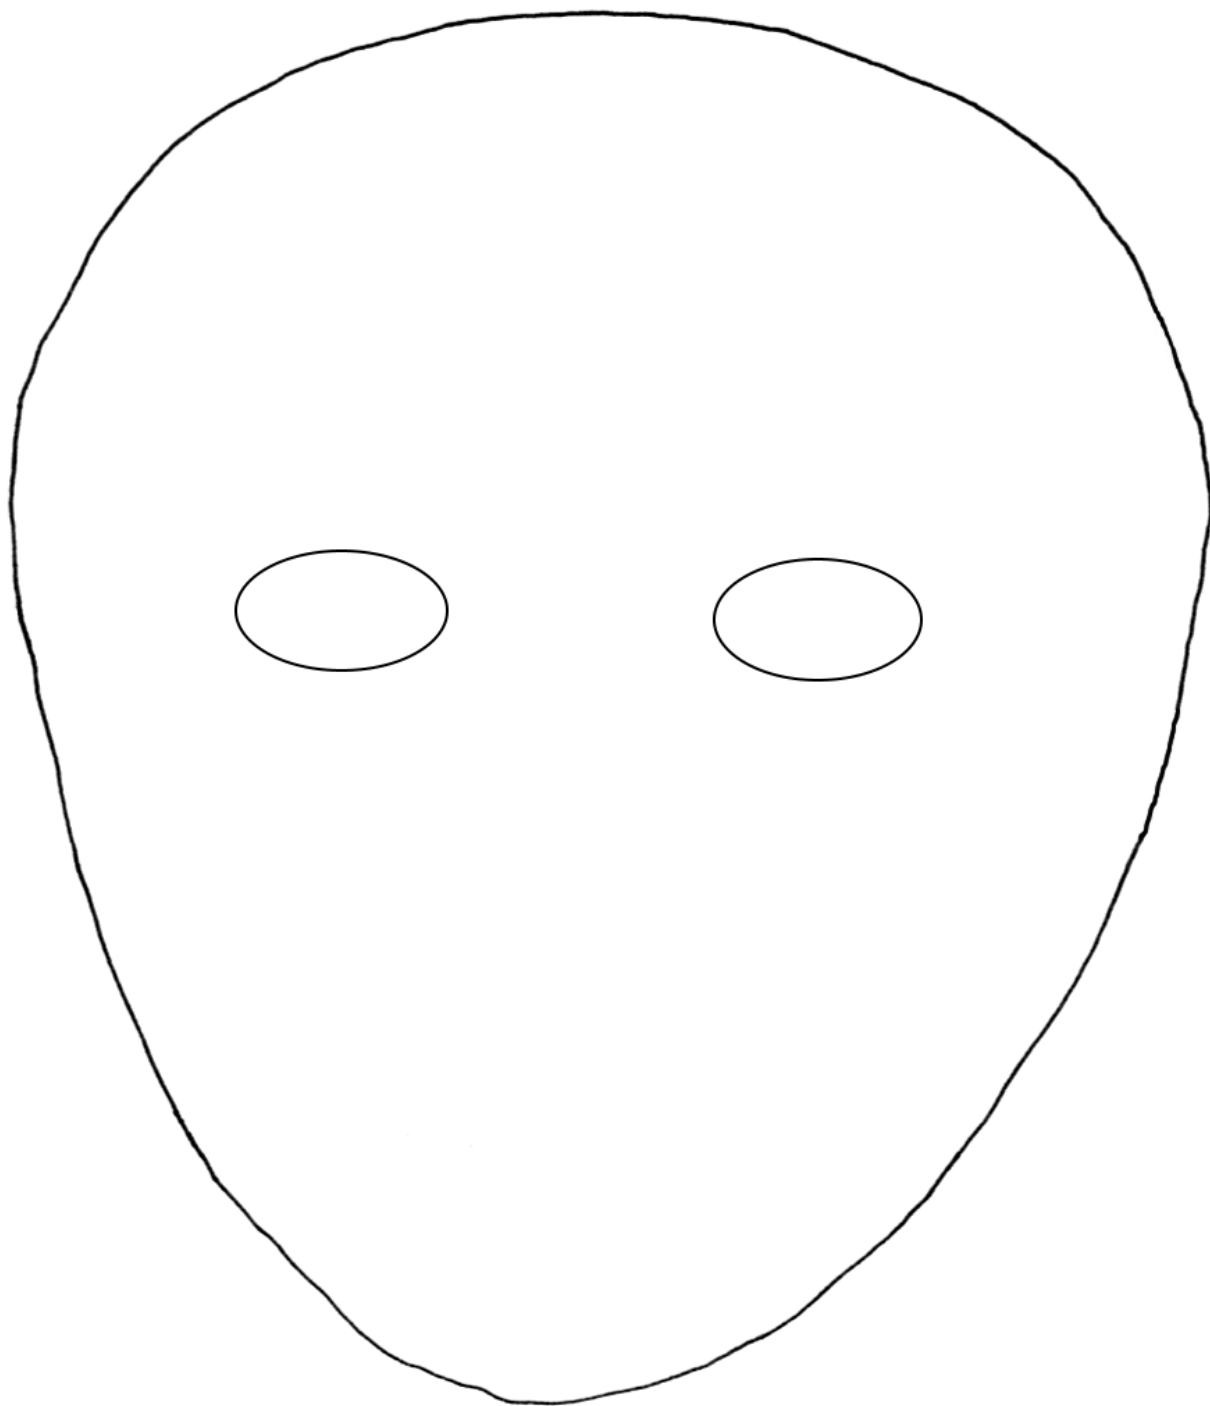

Check out these links to see examples of John piper's Foliate heads:

Remember to show us your foliate head masks on our social media :

 @river_rowing

 @riverandrowingmuseum

 @riverandrowingmuseum

**River & Rowing
Museum**
Henley on Thames

Colour in, cut out and stick these leaves to your mask to make it even more like a real foliate head.
